- Store all your digital photo's, music, movies, games
- Take the Freecom Data Bar XXS with you and share your files with friends

Office use:
- Store your spreadsheets, documents and presentations
- Take the Data Bar XXS home or on the road and work on your files away from the office
- Share data between computers and networks
- Use the Freecom Data Bar XXS for software installations/updates on multiple PC's

XTRA XTRA SMALL

You are looking for a safe way to store your files. You are looking for an effortless way to take them with you. But you don't want something ordinary. What you want is the new Freecom Data Bar XXS! This tiny USB Stick stores up to 64 movies, 43.000 photos or 10.000 songs, yet it is only 3 cm long and 1.2cm wide!

DUST AND WATERPROOF

You store your files on a USB Stick and you want them to stay there, but dust and water can be a real threat that puts your information at risk. Luckily, the Data Bar XXS is completely dust and waterproof – leaving you safe in the knowledge that your files won't be lost.

TAKE YOUR FILES WITH YOU – ALWAYS

Ever lost your USB Stick? Ever wondered who was the last to use it? Freecom has come up with a simple and effective solution to avoid losing USB sticks – just put the Data Bar XXS on your keyring and you'll never have to search for it again. It is by far the most practical way of keeping your files to hand at all times.
